The California State Fraternal Order of Police remains committed to reinforce and support our youth in choosing a law enforcement career. Our sixth Law Enforcement Explorer/Cadet Grant Program will again make funds available. In 530 grants since 1994, the CSFOP has awarded in excess of \$1,071,760.00 to Explorer/Cadet programs in California.

Funds provided are intended for purchase of equipment and/or to provide training to Explorers/Cadets. Preference will be given for requests directed towards efforts providing initial training and equipment allowing Explorers/Cadets the ability to be involved in local activities. Agencies who have not received prior grants and those agencies affiliated with the FOP will receive priority. All requests will be reviewed and disbursements made as long as funds are available. Grants may be approved completely or in part.

The application process is simple, but there are a few requirements that must be adhered to. The attached request form must be filled out completely and signed by the appropriate persons. The request must be postmarked by October 1, 2007 to be considered.

For information regarding the CSFOP, the Grant Program, or membership, please call or visit our Website.

Fraternally,

Roger Mayberry

Roger Mayberry,
State President
